Effective Strategies for Students with Anxiety by Jessica Minahan, M.Ed, BCBA

With up to one in four children struggling with anxiety in this county, overwhelmed adults are in need of a new approach as well as an effective and easy-to-implement toolkit of strategies that work.

Through the use of case studies, humorous stories, and examples of common challenging situations, participants will learn easy to implement preventive tools, strategies, and interventions for reducing anxiety, increasing self-regulation, executive functioning, and self-monitoring.

<u>Bio</u>: Jessica Minahan, MEd, BCBA, is a board certified behavior analyst, special educator and a consultant to school's nationwide (www.jessicaminahan.com).
