### SPECIAL EVENT: Reducing Anxiety in Students with Jessica Minahan, M. Ed., BCBA (4 hours)

Jessica Minahan, M. Ed, BCBA is the co-author of *The Behavior Code: A Practical Guide to Understanding and Teaching the Most Challenging Students* (Harvard Education Press, 2012) and author of *The Behavior Code Companion: Strategies, Tools, and Interventions for Supporting Students with Anxiety-Related or Oppositional Behaviors* (Harvard Education Press, 2014).

With up to one in three children struggling with anxiety in this country, overwhelmed adults require a new approach as well as a practical and easy-to-implement toolkit of strategies that work. In the time of COVID19, and the subsequent societal changes, anxiety has become ever-present in students of all ages.

Through the use of case studies, humorous stories, and examples of everyday challenging situations, participants will learn easy to implement preventive tools, strategies, and interventions for reducing anxiety, increasing self-regulation, accurate thinking, and selfmonitoring in students. Virtual classroom and traditional classroom examples will be shared.
